

MAVAM THREE GROUP

IMPROVED ERGONOMIC WORK FLOW

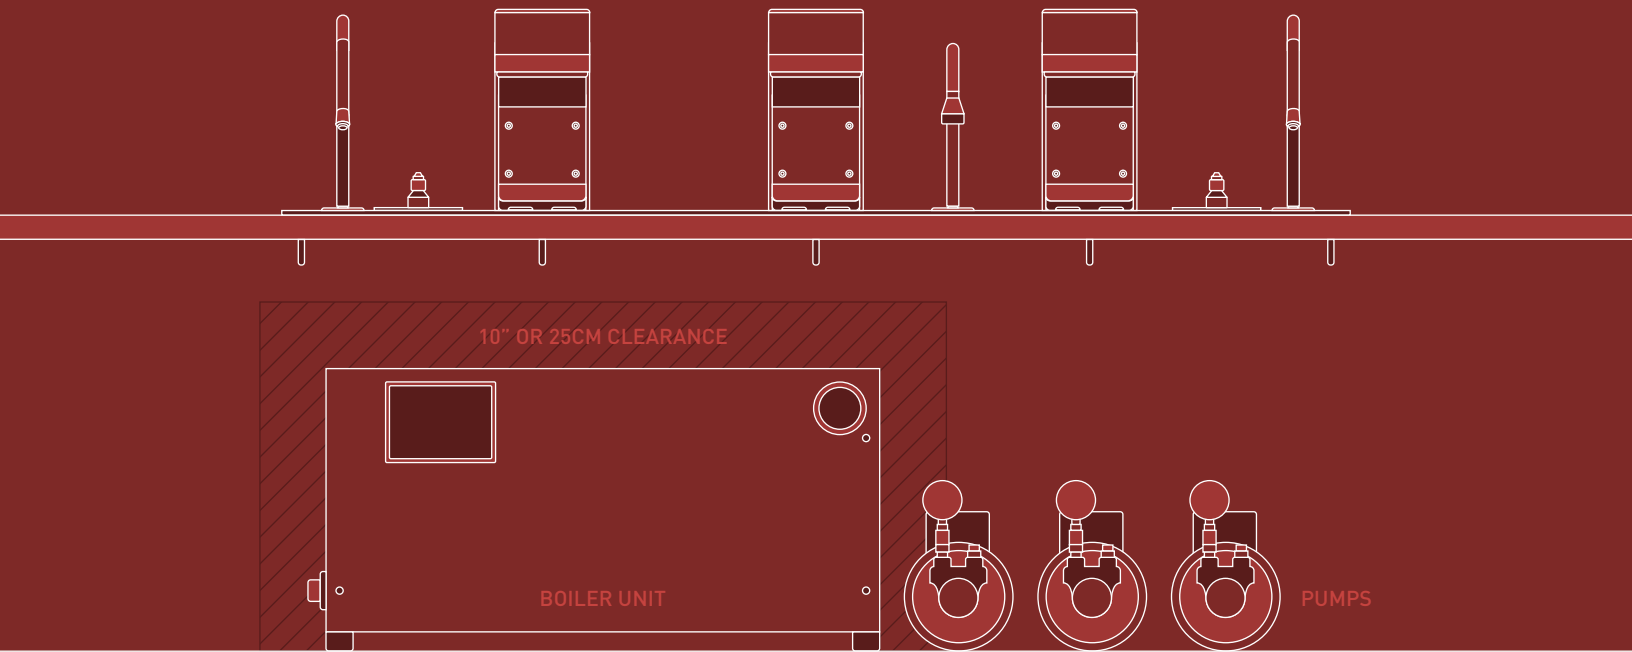

MAVAM'S LOW PROFILE INTERFACE AND ERGONOMIC DESIGN PROVIDES EASY WORKFLOW FOR THE BARISTA AND TEMPERATURE RELIABILITY.

Stainless steel brew groups have a built in 200 watt heater assisting with temperature stability plus three PID control points per Group for temperature stability.

Individual pumps for each brew group allow for uninterrupted brewing pressure and individual group brewing pressures.

The 11 liter steam boiler is dedicated to producing a large volume of steam pressure while also preheating the brew group water plus individual 500ml brew boiler per group.

Our patented heated transfer system is used on our steam lines to remove condensation and provided endless dry steam.

DIMENSIONS

Interface Dimensions

48" / 122cm L x 14" / 35.5cm D x 9" / 23cm H

Boiler Unit Dimensions

28" / 68.5cm L x 18" / 46cm D x 13" / 33cm H

Pump Unit Dimensions

5" / 13cm L x 11" / 28cm D x 8" / 20cm H

SPECIFICATIONS

Power: Single phase 240 volt

27 amps

11 Liter copper boiler 4KW

3 x 1 liter 316 Stainless steel boiler 500w

3 x group head heating element 200w
